

# Product Discontinuance Notice - PDN 09\_0062 Rev. -

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a product discontinuance for certain ADI products (see Discontinued Parts Material List below). Any issues with this PDN must be sent to ADI as soon as possible. The information contained within this PDN is considered proprietary and should not be shared outside of your company. ADI contact information is listed below.

## PDN Title:

Consolidation of Selected 218x Models (Phase 2)

**Publication Date:** 11-Jan-2010

**Last Time Buy Date:** 03-Apr-2010

**Last Time Ship Date:** 25-Sep-2010

## Reason For Discontinuance

After successful implementation and results of initial pilot (refer to 9/11/2009 notice), ADI is proceeding with phase 2 consolidation of additional 218x products allowing further streamlining of DSPS operations.

In phase 2 ADI has carefully selected a number of speed and temperature grades models that could be consolidated under one model. As in the past our driving concern is to minimize customer impact. We dont foresee need for re-qualification of customer applications as replacement is a higher grade part with identical form, fit and function but have higher temperature and / or speed range parameters. Customers will have to update their BOM and purchasing records.

Outstanding orders (backlog) will be used to draw down current inventory levels of lower grade models while current price quotes will be honored when shipping higher grade replacement parts.

**Supporting Documents** None
