## 2.5" SSD Flat Tray Outer Bag Removal

PCN: 32080

Published: 2016-09-22

<b>Type:</b>	Material Change - Shipping Media
<b>Description:</b>	The outer bag for 2.5" SSDs that are packaged in flat trays will be removed. This will enable usage of a robust Auto-Boxing Tool without the need for an auto-bagging feature and eliminate further handling during the packing process. Today, the anti-static trays are to be stacked such that ESD is not a concern; the drives are protected structurally; and the drives are protected adequately from particle contamination.
<b>Reason:</b>	Manufacturing Efficiency

**Product Affected:** All 2.5" SSDs

Affected Micron Part Number	Recommended Replacement	Customer Part Number
